#### Abstract

Who is Gifted? What is Talent? It is sometimes a challenge to identify Gifted and Talented Children with different cultural backgrounds. Even though it is very important to understand the hidden potential in a child as soon as possible. In this presentation, I will share my experiences that I made after years working with gifted children from all around the world. There are many factors that we should analyze first when we want to support them in 21st century.

Keywords: Children, Talent, challenge.
